TIP OF THE WEEK:

This week is Halloween!! And these Halloween cookies are so festive and so delicious! They are also very quick and simple with just a few ingredients. Here are a few cookie tips:

-DO NOT pack your flour. Fluff flour and then spoon into a measuring cup making sure to level off before adding to your cookie dough.

-Make a batch of mini cookies or large "monster" size by changing the size of the dough balls. Reduce the bake time for smaller cookies, and increase the time for larger ones.

-Use any fun Halloween candy or sprinkles! You can also pipe frosting after they are baked. They are perfect for Halloween parties!
