TIP OF THE WEEK:

Christmas cupcakes are a favorite over here! They are yummy and festive. The best part? You can totally switch them up with other festive variations. For example, make Santa hat cupcakes by piping red candy melts on the pretzel rods and adding a mini marshmallow to the top. Or make snowman cupcakes by threading jumbo marshmallows on the pretzel rod. Use cake decorating gel to add a carrot nose, eyes, and buttons. You could even make a few snowmen along with a few christmas trees. Get even more variations in the recipe post. Enjoy!
