TIP OF THE WEEK:

Our dessert this week is **Snickerdoodles!** It's one of the most popular recipes on our website. If you want soft and chewy snickerdoodles, we have a couple of tricks for you. Do NOT over bake them! Our recipe says to bake for 8-10 min. We recommend taking them out of the oven after 8 minutes and then letting them sit on the baking sheet for a minute before placing them on a cooling rack. Eight minutes cook time will insure a soft chewy cookie even after they have cooled.
